

Fayette County Government

Rhea Taylor / County Mayor

DECLARATION OF PUBLIC HEALTH EMERGENCY

AND REQUIREMENT FOR THE WEARING OF FACE COVERINGS

WHEREAS, the President of the United States, the Governor of the State of Tennessee, and the Mayors of a number of municipalities in the state of Tennessee have made emergency declarations related to the COVID-19 pandemic, and have recognized it as a public health emergency; and

WHEREAS, the Centers for Disease Control and Prevention (CDC) and Tennessee Department of Health (TDH) advise the use of cloth or other types of face coverings to slow the spread of COVID-19; and

WHEREAS, immediate action to slow the spread of COVID-19 in our communities is necessary in order to be able to safely allow governmental operations to continue, businesses to remain open, and schools to reopen in the fall; and

WHEREAS, widespread use of face coverings is believed to be effective in slowing the spread of COVID-19 by reducing the chances of symptomatic and asymptomatic people transmitting the virus to others, especially when used together with other protocols including 6-foot social distancing and hand hygiene; and

WHEREAS, Methodist LeBonheur Healthcare and Baptist Memorial Health Care, regional healthcare systems who treat the vast majority of all Fayette County citizens, have requested a requirement for outlying counties that they serve to wear face coverings so that the pressure their systems are experiencing may be relieved and will not be overwhelmed in the future, delaying needed attention to not only COVID-19 patients but also to car wreck victims, strokes, heart attacks, accidents and other maladies; and

WHEREAS, on July 3, 2020, Governor Bill Lee signed Executive Order 54, strongly urging all persons to wear cloth face coverings or other similar coverings in public settings where being in close proximity to others is anticipated, and

WHEREAS, Governor Lee, through Executive Order 54 and its subsequent extension in Executive Order 55, delegated authority to county mayors in the 89 counties that do not have a locally-run health department (including Fayette County) to issue orders requiring the wearing of face coverings within their jurisdictions, subject to certain limitations, for the purposes of slowing the spread of COVID-19; and

WHEREAS, the numbers of positive COVID-19 cases in Fayette County and surrounding counties have significantly increased in the last thirty days; and

WHEREAS, widespread use of face coverings is a preferred alternative to the continued closure of schools and the closure of businesses in our community, which closures would likely become necessary if action is not taken; and

WHEREAS, after consultation with the Mayors of the various municipalities of Fayette County, the School Superintendent and Head Masters for the public and private school systems within the county and the local regional hospital systems, the County Mayor finds that the wearing of cloth or other face coverings should be required in certain circumstances;

NOW, THEREFORE, PURSUANT TO THE AUTHORITY DELEGATED BY EXECUTIVE ORDER 55 AND PURSUANT TO GOVERNOR LEE'S RECOGNITION OF A CONTINUING STATE OF EMERGENCY AND MAJOR DISASTER RELATED TO COVID-19, and after consultation with the Mayors of the various municipalities within Fayette County, the School Superintendent and Head Masters for the public and private school systems within the county and the local regional hospital systems, the Mayor of Fayette County, Tennessee issues a Declaration of Emergency related to the COVID-19 pandemic, and

IT IS ORDERED that cloth or other face coverings that cover the nose and mouth of a person to impede the spread of the virus during speaking, coughing, sneezing or other action, shall be required in Fayette County, Tennessee, within all publicly-accessible areas of commercial business establishments; in public outdoor areas where social distancing of at least six feet cannot be maintained; and within the publicly-accessible areas of business offices where there is direct interaction with the public and social distancing of at least six feet cannot be maintained. A "commercial business establishment" means any establishment that sells goods or services, or a combination thereof, including but not limited to grocery stores, restaurants, lobbies and public spaces in hotels and other places of lodging, pharmacies, banks, bars, salons, retail stores, medical and dental offices, and entertainment and sports venues.

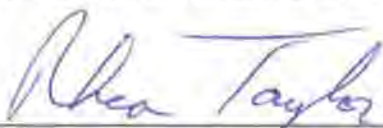

IT IS FURTHER ORDERED that this Order does not apply to:

1. Any person who is under age 12;
2. Any person who cannot safely wear a face covering because he/she has trouble breathing due to an underlying health condition or another bona fide medical or health-related reason for not wearing a face covering;
3. Anyone who is incapacitated or otherwise unable to remove a face covering without assistance;
4. Persons in a private residence;
5. Persons who are outdoors, unless the person cannot substantially maintain appropriate 6-foot social distancing from others outside of the person's household;
6. Persons while eating or drinking;
7. Persons in a place of worship (unless a face covering is required by the place of worship), although persons in places of worship are strongly encouraged to wear face coverings to slow the spread of COVID-19;

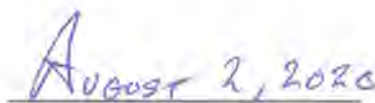

8. Persons within private motor vehicles, unless such vehicle is being used for public transportation or a vehicle for hire;
9. Persons working under conditions where appropriate social distancing of at least six feet from others outside the person's household is substantially maintained;
10. Persons present in government facilities, or on government premises, who shall be subject to the rules and regulations of the governmental entity operating the facility or premises. Persons present in the public areas of all Fayette County government facilities will wear cloth or other face coverings, subject to the age and health restrictions outlined herein, and subject to number 11, below. Other local governmental entities may issue their own directives regarding their facilities;
11. Persons in a voting site for the purpose of voting or administering an election; although such persons are strongly encouraged to wear face coverings to slow the spread of COVID-19;
12. Persons for whom wearing a face covering would pose a safety or security risk.
13. The Fayette County Public School System, all private school systems and all registered home school systems are exempt from this order. They are strongly encouraged to adopt their own guidelines and programs for wearing face coverings and may issue their own directives regarding their facilities.

This local order constitutes an order promulgated pursuant to Tennessee Code Annotated, Title 58, Chapter 2, Part 1. While it is the hope and expectation that Fayette County citizens will comply with this Order out of a sense of civic duty and respect for their fellow citizens, and attempts at education and communication are the preferred methods of obtaining compliance, state law provides for enforcement of this Order if necessary. Pursuant to Executive Order 55 and Tennessee Code Annotated §58-2-120, violation of this Order shall constitute a Class A misdemeanor. However, given the intent of this order is to increase the wearing of face coverings to protect the health of residents, employees, and visitors and to ensure the state does not take further measures to disrupt our local businesses and economy, the County Mayor requests first time offenders of this order be given a warning and educated on the purpose of such order.

This Order shall become effective at 10:00 p.m. on Wednesday, August 5, 2020, and will expire on August 29, 2020 at 11:59 p.m., unless sooner cancelled or unless extended.

Rhea Taylor, Fayette County Mayor

August 2, 2020
