Chairman Taylor stated that only a couple of Financial Reports were sent out in packets this month due to the weather having everything closed down for the last week. However, any

questions should be taken up with the appropriate official, and if you wish to see any reports that were not sent out you could contact the official for those also.

There is a problem with a lien that needs to be released on the property, which is going to be released, but is taking a little longer than the landowner expected.

No reports were given by the Board of Education, School Board, Board of Public Works, Trustee's Office, or Planning and Development.

A municipal advisory client brochure is posted on the website of the Municipal Securities Rulemaking Board ([www.msrb.org](http://www.msrb.org)) that describes the protections that may be provided by the Municipal Securities Rulemaking Board rules and how to file a complaint with an appropriate regulatory authority. The Advisor will maintain all required registrations with the SEC and the MSRB and the Advisor will disclose any legal or disciplinary events, including information about any criminal actions, regulatory actions, investigations, terminations, judgments, liens, civil judicial actions, customer complaints, arbitrations and civil litigation, and other detailed information. The issuer may electronically access the Advisor's most recent Form MA and each employee's most recent Form MA (filed with the Commission at <https://www.sec.gov/edgar/searchedgar/companysearch.html>). As of the date hereof, Cumberland Securities Company, Inc. has never had legal or disciplinary event.

The Advisor hereby discloses that it generally operates under a contingent fee form of compensation. Under a contingent fee form of compensation, payment of the Municipal Advisor's fee is dependent upon the successful completion of a financing or other transaction. Although this form of compensation may be customary for the issuer, it presents a conflict because the Advisor may have an incentive to recommend unnecessary financings or financings that are disadvantageous to the client. All recommended financings are reviewed by the firm to confirm that they are suitable for each client. Upon execution of a Municipal Advisory Agreement, the Advisor will have a legally binding fiduciary responsibility to put the financial interests of the issuer before its own. The Advisor hereby discloses that the determination of any municipal advisory fee or other compensation will be mutually agreeable between the issuer and the Advisor pursuant to a Fee Letter.

The Advisor hereby discloses that it receives the use of a Bloomberg license courtesy of Raymond James and Associates. The use of this license is not contingent upon any specific existing or future business. All recommended financings and investments are reviewed by the firm to confirm that they are suitable for each client.

This presentation/report may contain "forward-looking" information. Such information may include, but not be limited to, projections, forecasts or estimates of cash flows, interest rate coupons, yields or potential debt service savings, scenario analyses and proposed or expected debt portfolio composition. Any forward-looking information is based upon certain assumptions about future events or conditions and is intended only to illustrate hypothetical results under those assumptions (not all of which are specified herein or can be ascertained at this time). It does not represent actual results that may be available to you. Actual events or conditions are unlikely to be consistent with, and may differ significantly from, those assumed.

IRS Circular 230 Disclosure: The Advisor and its employees are not in the business of providing, and do not provide, tax or legal advice. Any statements in this presentation regarding tax matters were not intended or written to be used, and cannot be used or relied upon, by any taxpayer for the purpose of avoiding tax penalties. Any such taxpayer should seek advice based on the taxpayer's particular circumstances from an independent tax advisor.

**Report of the Director of the Division of Local Government Finance  
Concerning the Proposed Issuance of  
General Obligation Refunding Bonds, Series 2021A  
Fayette County**

This report is being issued pursuant to T.C.A. § 9-21-903 and is based upon information as presented in a plan of refunding (the "Plan") received by our office on February 5, 2021, from Fayette County (the "County"). Our report provides information to assist the governing body in its responsibility to understand the nature of the refunding transaction, including the costs, risks, and benefits, prior to approving the issuance of the refunding bonds and is designed to provide consistent and comparable information for all local governments in Tennessee.

This report does not constitute approval or disapproval of the Plan or a determination that a refunding is advantageous or necessary nor that any of the refunded obligations should be refinanced or remain outstanding until their respective dates of maturity. This report does not address compliance with federal tax regulations and is not to be relied upon for that purpose. The County should discuss these issues with bond counsel. This report and the County's Plan must be presented to the governing body prior to the adoption of a refunding bond resolution.

**Refunding Analysis**

At the request of the County Mayor, our office has reviewed the County's Plan, as required by TCA § 9-21-903, and provide the following analysis based upon the assumptions outlined in the Plan.

The County intends to issue by competitive sale approximately \$9,845,000 General Obligation Refunding Bonds, Series 2021A (the "Series 2021A Refunding Bonds"), priced at par to current refund:

- \$5,380,000 General Obligation Refunding Bonds, Series 2011 (the "Series 2011 Bonds"), maturing on April 1, 2022 through April 1, 2030, and callable on April 1, 2021.
- \$4,220,000 General Obligation Refunding Bonds, Series 2012A (the "Series 2012A Bonds"), maturing on April 1, 2022 through April 1, 2029, and callable on April 1, 2021.

Collectively, the Series 2011 Bonds and Series 2012A Bonds are the "Refunded Bonds". Total refunded principal is \$9,600,000.

- The County's objective for the refunding is to achieve debt service savings.
- The estimated net present value debt service savings is \$716,182 or 7.46% of the refunded principal amount of \$9,600,000. The savings are achieved by reducing the weighted average coupon rate of 2.95% for the Refunded Bonds to 0.94% for the Series 2021A Refunding Bonds.
- Total interest cost is projected to decrease from \$1,453,990 to \$449,018.

County's Plan may not reflect either current market conditions or market conditions at the time of sale. The Series 2021A Refunding Bonds may be issued with a structure different from that of the Plan.

**Debt Management Policy**

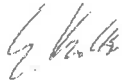

The County has adopted a debt management policy and has indicated in its Plan that the proposed refunding transaction complies with the County's policy.

**Requirements After the Refunding Bonds Have Been Issued**

We have included a listing of certain compliance requirements your local government will be responsible for once the bonds are issued. The listing is not all inclusive and you should work with your municipal advisor and bond counsel to ensure compliance with legal and regulatory requirements related to the proposed refunding.

**Effective Date for this Report**

This report is effective for a period of ninety (90) days from the date of the report. If the refunding transaction has not been priced during this ninety (90) day period, a new plan of refunding, with new analysis and estimates based on market conditions at that time, must be submitted to our office. We will then issue a report on the new plan for the County's governing body to review prior to adopting a new refunding bond authorizing resolution.

### Changes to the Structure of the Repayment Schedule

If the structure is revised, the County should determine if the new structure complies with the requirements of T.C.A. § 9-21-133 concerning balloon indebtedness. - (a) The issuance of the Bonds is necessary and in the best interests of the citizens of the Issuer;

- (c) The proposed bond sale being authorized by this resolution is feasible and advantageous to the Issuer; and
- (d) The issuance of the Bonds will be in compliance with the Issuer's Debt Management Policy.

SECTION 4. The County Mayor is hereby authorized and directed to determine the principal amount of the Bonds not to exceed the principal amount specified in Section 1 to be actually issued (which may be in one or more emissions) and to effect adjustments in the maturity schedule and optional redemption dates set forth herein as authorized in Section 7. The determinations made by the County Mayor, as described above, and the finalization of the details of the Bonds and sale of the Bonds by the County Mayor shall be binding on the Issuer and no further action by the Governing Body with respect thereto shall be required. The County Mayor shall cause, if advantageous to the Issuer, all or a portion of the Bonds to be insured by one or more bond insurance policies issued by one or more nationally recognized bond insurance companies so long as it is demonstrated to the County Mayor's satisfaction either (i)

that such insurance is necessary to sell the Bonds, or the portion thereof to be insured, or (ii) the present value of the projected savings in interest costs to the Issuer as a result of obtaining such bond insurance exceeds the premium cost to the Issuer for such bond insurance.

The County Mayor, in consultation with the Municipal Advisor, is authorized to sell the Bonds, or any series of the Bonds, at a competitive public sale or through a private negotiated sale at a price of not less than 98.0% of the par value of the Bonds actually issued, plus accrued interest and the Board hereby delegates to the County Mayor the authority to make the final determination on the method of sale of the Bonds or any series of the Bonds.

In the event of a competitive public sale of the Bonds, the County Mayor is hereby authorized and directed to publish a Notice of Sale for the Bonds and, if appropriate, for any other bonds of the Issuer which are being competitively sold at the same time, in either a financial newspaper having national circulation, or via an electronic communication system that is generally available to the financial community, and the date of publication shall be selected by the County Mayor, or his designee, as he may deem appropriate for the purpose of conducting the sale of the Bonds at a competitive public sale at the earliest possible date after complying with the requirements of Tennessee Code Annotated, Section 9-21-203 that the Bonds must be advertised for sale for not less than 5 days prior to the sale of the Bonds. If the principal amount of bonds to be sold is not greater than \$5,000,000, then the notice of sale may be published as set forth above or in a newspaper having general circulation in the Issuer. The Notice of Sale shall be in such form, meeting the requirements of Tennessee Code Annotated Section 9-21-203, as shall be approved by the County Mayor, or his designee, and the Municipal Advisor. The Bonds shall be sold by physical delivery of bids or by electronic

bidding means of an internet bidding service as shall be determined by the County Mayor, or his designee, in consultation with the Municipal Advisor.

In the event of a private negotiated sale, the County Mayor is authorized to enter into a Bond Purchase Agreement with the proposed underwriter of the Bonds in a form recommended by the Municipal Advisor and approved by Bond Counsel.

The Board hereby delegates to the County Mayor the authority to make all determinations pursuant to the Issuer's Debt Management Policy, including but not limited to any decisions regarding the sufficiency of the net present value savings to be achieved by the issuance of the Series 2021A Bonds, the Series 2021B Bonds and/or the Series 2021C Bonds and any needed approvals relating to the net savings pattern resulting from the issuance of such Bonds.

The Governing Body hereby grants and confirms the authority of the County Mayor to enter into a contract with the Municipal Advisor for the provision of Municipal Advisory services in connection with the sale of the Bonds and to enter into an engagement letter with Bond Counsel for legal services in connection with the issuance of the Bonds.

SECTION 5. The County Mayor and County Clerk, working with the Municipal Advisor, are hereby authorized and directed to provide for the preparation and distribution, electronic or otherwise, of a Preliminary Official Statement describing the Bonds and any other bonds or notes which in the discretion of the County Mayor are sold at the same time as the Bonds. After the Bonds have been sold, the County Mayor and the County Clerk shall make such completions, omissions, insertions and changes in the Preliminary Official Statement not inconsistent with this resolution as are necessary or desirable to complete it as a final Official

Statement for purposes of Rule 15c2-12(e)(3) of the Securities and Exchange Commission. The County Mayor and County Clerk shall arrange for the delivery of a reasonable number of copies of the Official Statement within seven business days after the Bonds have been sold to the successful bidder, to each potential investor requesting a copy of the Official Statement and to each person to whom such bidder and members of its bidding group initially sell the Bonds.

The County Mayor is authorized, on behalf of the Issuer, to deem the Preliminary Official Statement and the Official Statement in final form, each to be final as of its date within the meaning of Rule 15c2-12(b)(1), except for the omission in the Preliminary Official Statement of certain pricing and other information allowed to be omitted pursuant to such Rule 15c2-12(b)(1). The distribution of the Preliminary Official Statement and the Official Statement in final form shall be conclusive evidence that each has been deemed in final form as of its date by the Issuer except for the omission in the Preliminary Official Statement of such pricing and other information.

**SECTION 6.** Subject to the adjustments permitted pursuant to Section 7, the Bonds shall be designated "General Obligation Refunding Bonds, Series 2021," with the appropriate series designation included shall be dated as of their date of issuance, shall be numbered from R-1 upward, shall be issued in fully registered, book-entry only form, without coupons in the denomination of \$5,000 (or integral multiples thereof), and shall be subject to prior redemption as set forth below. Bonds may be initially issued in temporary form exchangeable for definitive Bonds when ready for delivery. Until exchanged for definitive Bonds, the temporary Bonds shall be entitled to the same benefits as definitive Bonds authenticated and delivered hereunder.

SECTION 7. The Bonds shall bear interest, not exceeding 5.00%, as designated by the County Mayor, payable semiannually on March 1 and September 1 of each year commencing September 1, 2021, and shall mature March 1, in the years and in the estimated amounts as follows:

The County Mayor is authorized to increase or decrease the amount of each maturity, to change the dated date of the Bonds to a date other than their date of issuance, to sell the Bonds in one or more emissions, to sell the Series 2021A Bonds or any emission thereof, the Series 2021B Bonds or any emission thereof, and the Series 2021C Bonds or any emission thereof separately or as a combined issue, to change the name and/or Series designation of the Bonds, to adjust the principal and interest payment dates of the Bonds, to change or extend the maturity dates of the Bonds, and to change the optional redemption dates, if any, and provide for a premium not to exceed two percent (2%) of the par amount to be redeemed, to combine the issuance of the Bonds with the issuance of bonds pursuant to other authorizing resolutions of the Issuer and to make appropriate changes in the name of the Bonds and other adjustments to recognize such combined issuance, such adjustments to be made as the County Mayor in his sole discretion shall deem most advantageous to the Issuer, provided that the aggregate amount of Bonds issued pursuant to this resolution shall not exceed the principal amount set forth in Section 1. The County Mayor is authorized to sell the Bonds, or any maturities thereof, as term bonds with mandatory redemption requirements corresponding to the maturities set forth herein or as determined by the County Mayor. In the event any or all the Bonds are sold as term bonds, the Issuer shall redeem term bonds on redemption dates corresponding to the maturity dates set forth herein, in aggregate principal amounts equal to the maturity amounts established pursuant to this Section 7 for each redemption date, as such maturity amounts may be adjusted pursuant to this Section 7, at a price of par plus accrued interest thereon to the date of redemption. The

term bonds to be redeemed within a single maturity shall be selected in the manner described in Section 8.

**SECTION 8.** Bonds maturing March 1, 2022 through March 1, 2030, inclusive, shall not be subject to prior redemption at the option of the Issuer. Bonds maturing on March 1, 2031 and thereafter shall be subject to redemption prior to maturity at the option of the Issuer on March 1, 2030 and at any time thereafter, as a whole or in part, at the redemption price of par plus accrued interest to the redemption date.

If term bonds are issued, a portion of any term bond maturity may be subject to mandatory redemption. If less than all of the Bonds within a single maturity shall be called for redemption, the Bonds within the maturity to be redeemed shall be selected as follows:

(a) if the Bonds are being held under a Book-Entry System by DTC, or a successor Depository, the Bonds to be redeemed shall be determined by DTC, or such successor Depository, by lot or such other manner as DTC, or such successor Depository, shall determine; or

(b) if the Bonds are not being held under a Book-Entry System by DTC, or a successor Depository, the Bonds within the maturity to be redeemed shall be selected by the Registration Agent by lot or such other random manner as the Registration Agent in its discretion shall determine.

At its option, to be exercised on or before the forty-fifth (45th) day next preceding any such mandatory redemption date, the Issuer may (i) deliver to the Registration Agent for cancellation Bonds to be redeemed, in any aggregate principal amount desired, and/or (ii) receive a credit in respect of its redemption obligation under this mandatory redemption

provision for any Bonds of the maturity to be redeemed which prior to said date have been purchased or redeemed (otherwise than through the operation of this mandatory sinking fund redemption provision) and canceled by the Registration Agent and not theretofore applied as a credit against any redemption obligation under this mandatory sinking fund provision. Each Bond so delivered or previously purchased or redeemed shall be credited by the Registration Agent at 100% of the principal amount thereof on the obligation of the Issuer on such payment date and any excess shall be credited on future redemption obligations in chronological order, and the principal amount of Bonds to be redeemed by operation of this mandatory sinking fund provision shall be accordingly reduced. The Issuer shall on or before the forty-fifth (45th) day next preceding each payment date furnish the Registration Agent with its certificate indicating whether or not and to what extent the provisions of clauses (i) and (ii) of this paragraph are to be availed of with respect to such payment and confirm that funds for the balance of the next succeeding prescribed payment will be paid on or before the next succeeding payment date.

Notice of call for redemption, whether optional or mandatory, shall be given by the Registration Agent on behalf of the Issuer not less than twenty (20) nor more than sixty (60) days prior to the date fixed for redemption by sending an appropriate notice to the registered owners of the Bonds to be redeemed by first-class mail, postage prepaid, at the addresses shown on the Bond registration records of the Registration Agent as of the date of the notice; but neither failure to mail such notice nor any defect in any such notice so mailed shall affect the sufficiency of the proceedings for redemption of any of the Bonds for which proper notice was given. The notice may state that it is conditioned upon the deposit of moneys in an amount equal to the amount necessary to affect the redemption with the Registration Agent no later than

the redemption date ("Conditional Redemption"). As long as DTC, or a successor Depository, is the registered owner of the Bonds, all redemption notices shall be mailed by the Registration Agent to DTC, or such successor Depository, as the registered owner of the Bonds, as and when above provided, and neither the Issuer nor the Registration Agent shall be responsible for mailing notices of redemption to DTC Participants or Beneficial Owners. Failure of DTC, or any successor Depository, to provide notice to any DTC Participant or Beneficial Owner will not affect the validity of such redemption. The Registration Agent shall mail said notices as and when directed by the Issuer pursuant to written instructions from an authorized representative of the Issuer (other than for a mandatory sinking fund redemption, notices of which shall be given on the dates provided herein) given at least forty-five (45) days prior to the redemption date (unless a shorter notice period shall be satisfactory to the Registration Agent). From and after the redemption date, all Bonds called for redemption shall cease to bear interest if funds are available at the office of the Registration Agent for the payment thereof and if notice has been duly provided as set forth herein. In the case of a Conditional Redemption, the failure of the County to make funds available in part or in whole on or before the redemption date shall not constitute an event of default, and the Registration Agent shall give immediate notice to the Depository or the affected Bondholders that the redemption did not occur and that the Bonds called for redemption and not so paid remain outstanding.

SECTION 9. The Issuer hereby appoints Regions Bank, Nashville, Tennessee as the initial paying agent and registration agent (the "Registration Agent") with respect to the Bonds and authorizes and directs the Registration Agent to maintain Bond registration records with respect to the Bonds, to authenticate and deliver the Bonds as provided herein, either at original

issuance or upon transfer, to effect transfers of the Bonds, and to make all payments of principal and interest with respect to the Bonds as provided herein, and to cancel and destroy Bonds which have been paid at maturity or upon earlier redemption or submitted for exchange, transfer or cancellation and to furnish the Issuer with a certificate of destruction. The Registration Agent shall maintain registration books for the registration and registration of transfer of the Bonds, which books shall be kept in a manner that complies with the requirements of Section 149 of the Internal Revenue Code of 1986, as amended, and Regulations thereunder (or under corresponding provisions of prior law, if applicable) for recordkeeping relating to "registration-required bonds" and in accordance with the Tennessee Public Obligations Registration Act (T.C.A. §9-19-101 et seq., as amended).

SECTION 10. The Bonds shall be payable, both principal and interest, in lawful money of the United States of America at designated corporate trust office of the Registration Agent. The Registration Agent shall make all interest payments with respect to the Bonds on each interest payment date directly to the registered owners as shown on the Bond registration records maintained by the Registration Agent as of the close of business on the fifteenth day of the month next preceding the interest payment date (the "Regular Record Date") by depositing such payment in the United States mail, postage prepaid, addressed to such owners at such owners' addresses shown on said Bond registration records, without, except for final payment, the presentation or surrender of such registered Bonds, and all such payments shall discharge the obligations of the Issuer in respect of such Bonds to the extent of the payments so made. Payment of principal of and premium, if any, on the Bonds shall be made upon presentation and surrender of such Bonds to the Registration Agent as the same shall become due and payable.

In the event the Bonds are no longer registered in the name of DTC, or a successor Depository, if requested by the Owner of at least \$1,000,000.00 in aggregate principal amount of the Bonds, payment of interest on such Bonds shall be paid by wire transfer to a bank within the continental United States or deposited to a designated account if such account is maintained with the Registration Agent and written notice of any such election and designated account is given to the Registration Agent prior to the record date.

The Bonds are transferable only by presentation to the Registration Agent by the registered owner, or his legal representative duly authorized in writing, of the registered Bond(s) to be transferred with the form of assignment on the reverse side thereof (or attached thereto) completed in full and signed with the name of the registered owner as it appears upon the face of the Bond(s) accompanied by appropriate documentation necessary to prove the legal capacity of any legal representative of the registered owner. Upon receipt of the Bond(s) in such form and with such documentation, if any, the Registration Agent shall issue a new Bond or Bonds to the assignee(s) in such authorized denominations, as requested by the registered owner requesting transfer. No charge shall be made to any registered owner for the privilege of transferring any Bond, provided that any transfer tax relating to such transaction shall be paid by the owner requesting transfer. The person in whose name any Bond shall be registered shall be deemed and regarded as the absolute owner thereof for all purposes and neither the Issuer nor the Registration Agent shall be affected by any notice to the contrary, including, but not limited to, any previous transfer request not accompanied by acceptable documentation.

The Bonds shall be signed by the County Mayor with his manual or facsimile signature, shall be attested by the County Clerk by his or her manual or facsimile signature, and shall have imprinted or impressed thereon the official seal of the Issuer (or a facsimile thereof).

The Registration Agent is hereby authorized to authenticate and deliver the Bonds from time to time to the original purchasers thereof or as it or they may designate upon receipt by the Issuer of the proceeds of the sale thereof, together with any necessary documentation, and to authenticate and deliver Bonds in exchange for Bonds of the same principal amount delivered for transfer upon receipt of the Bond(s) to be transferred in proper form with proper documentation as hereinabove described. The Bonds shall not be valid for any purpose unless authenticated by the Registration Agent by the manual signature of an officer thereof on the certificate set forth herein on the Bond form.

In case any Bond shall become mutilated, or be lost, stolen, or destroyed, the Issuer, in its discretion, shall issue, and the Registration Agent shall authenticate and deliver a new Bond of like tenor, amount, maturity and date, in exchange and substitution for, and upon the cancellation of, the mutilated Bond, or in lieu of and substitution for such lost, stolen or destroyed Bond, or if any such Bond shall have matured or shall be about to mature, instead of issuing a substituted Bond the Issuer may pay or authorize payment of such Bond without surrender thereof. In every case, the applicant shall furnish evidence satisfactory to the Issuer and the Registration Agent of the destruction, theft or loss of such Bond, and indemnity satisfactory to the Issuer and the Registration Agent, and the Issuer may charge the applicant for the issue of such new Bond an amount sufficient to reimburse the Issuer for the expense incurred by it in the issue thereof.

Any interest on any Bond that is payable but is not punctually paid or duly provided for on any interest payment date (hereinafter "Defaulted Interest") shall forthwith cease to be payable to the registered owner on the relevant Regular Record Date; and, in lieu thereof, such Defaulted Interest shall be paid by the Issuer to the persons in whose names the Bonds are registered at the close of business on a date (the "Special Record Date") for the payment of such Defaulted Interest, which shall be fixed in the following manner: the Issuer shall notify the Registration Agent in writing of the amount of Defaulted Interest proposed to be paid on each Bond and the date of the proposed payment, and at the same time the Issuer shall deposit with the Registration Agent an amount of money equal to the aggregate amount proposed to be paid in respect of such Defaulted Interest or shall make arrangements satisfactory to the Registration Agent for such deposit prior to the date of the proposed payment, such money when deposited to be held in trust for the benefit of the persons entitled to such Defaulted Interest as in this Section provided. Thereupon, not less than ten (10) days after the receipt by the Registration Agent of the notice of the proposed payment, the Registration Agent shall fix a Special Record Date for the payment of such Defaulted Interest which Date shall be not more than fifteen (15) nor less than ten (10) days prior to the date of the proposed payment to the registered owners. The Registration Agent shall promptly notify the Issuer of such Special Record Date and, in the name and at the expense of the Issuer, not less than ten (10) days prior to such Special Record Date, shall cause notice of the proposed payment of such Defaulted Interest and the Special Record Date therefor to be mailed, first class postage prepaid, to each registered owner at the address thereof as it appears in the Bond registration records maintained by the Registration Agent as of the date of such notice. Nothing contained in this Section or in the Bonds shall

impair any statutory or other rights in law or in equity of any registered owner arising as a result of the failure of the Issuer to punctually pay or duly provide for the payment of principal of, premium, if any, and interest on the Bonds when due.

The Registration Agent shall not be required to transfer or exchange any Bond during the period commencing on a Regular or Special Record Date and ending on the corresponding interest payment date of such Bond, nor to transfer or exchange any Bond after the publication of notice calling such Bond for redemption has been made, nor to transfer or exchange any Bond during the period following the receipt of instructions from the Issuer to call such Bond for redemption; provided, the Registration Agent, at its option, may make transfers after any of said dates. No charge shall be made to any registered owner for the privilege of transferring any Bond, provided that any transfer tax relating to such transaction shall be paid by the registered owner requesting transfer. The person in whose name any Bond shall be registered shall be deemed and regarded as the absolute owner thereof for all purposes and neither the Issuer nor the Registration Agent shall be affected by any notice to the contrary whether or not any payments due on the Bonds shall be overdue. The Bonds, upon surrender to the Registration Agent, may, at the option of the registered owner, be exchanged for an equal aggregate principal amount of the Bonds of the same maturity in any authorized denomination or denominations.

Except as otherwise provided in this resolution, the Bonds shall be registered in the name of Cede & Co., as nominee of DTC, which will act as securities depository for the Bonds. References in this Section to a Bond or the Bonds shall be construed to mean the Bond or the Bonds that are held under the Book-Entry System. One Bond for each maturity shall be issued to DTC and immobilized in its custody. A Book-Entry System shall be employed, evidencing

ownership of the Bonds in authorized denominations, with transfers of beneficial ownership effected on the records of DTC and the DTC Participants pursuant to rules and procedures established by DTC.

Each DTC Participant shall be credited in the records of DTC with the amount of such DTC Participant's interest in the Bonds. Beneficial ownership interests in the Bonds may be purchased by or through DTC Participants. The holders of these beneficial ownership interests are hereinafter referred to as the "Beneficial Owners." The Beneficial Owners shall not receive the Bonds representing their beneficial ownership interests. The ownership interests of each Beneficial Owner shall be recorded through the records of the DTC Participant from which such Beneficial Owner purchased its Bonds. Transfers of ownership interests in the Bonds shall be accomplished by book entries made by DTC and, in turn, by DTC Participants acting on behalf of Beneficial Owners. SO LONG AS CEDE & CO., AS NOMINEE FOR DTC, IS THE REGISTERED OWNER OF THE BONDS, THE REGISTRATION AGENT SHALL TREAT CEDE & CO., AS THE ONLY HOLDER OF THE BONDS FOR ALL PURPOSES UNDER THIS RESOLUTION, INCLUDING RECEIPT OF ALL PRINCIPAL OF, PREMIUM, IF ANY, AND INTEREST ON THE BONDS, RECEIPT OF NOTICES, VOTING AND REQUESTING OR DIRECTING THE REGISTRATION AGENT TO TAKE OR NOT TO TAKE, OR CONSENTING TO, CERTAIN ACTIONS UNDER THIS RESOLUTION.

Payments of principal, interest, and redemption premium, if any, with respect to the Bonds, so long as DTC is the only owner of the Bonds, shall be paid by the Registration Agent directly to DTC or its nominee, Cede & Co. as provided in the Letter of Representation relating to the Bonds from the Issuer and the Registration Agent to DTC (the "Letter of

Representation"). DTC shall remit such payments to DTC Participants, and such payments thereafter shall be paid by DTC Participants to the Beneficial Owners. The Issuer and the Registration Agent shall not be responsible or liable for payment by DTC or DTC Participants, for sending transaction statements or for maintaining, supervising or reviewing records maintained by DTC or DTC Participants.

In the event that (1) DTC determines not to continue to act as securities depository for the Bonds or (2) the Issuer determines that the continuation of the Book-Entry System of evidence and transfer of ownership of the Bonds would adversely affect their interests or the interests of the Beneficial Owners of the Bonds, or (3) the Beneficial Owners of all Bonds shall request that such Bonds no longer be held under The Book-Entry System and shall agree to hold the Bonds for investment and not to reoffer the Bonds, the Issuer shall discontinue the Book-Entry System with DTC. If the Issuer fails to identify another qualified securities depository to replace DTC, the Issuer shall cause the Registration Agent to authenticate and deliver replacement Bonds in the form of fully registered Bonds to each Beneficial Owner.

THE ISSUER AND THE REGISTRATION AGENT SHALL NOT HAVE ANY RESPONSIBILITY OR OBLIGATIONS TO ANY DTC PARTICIPANT OR ANY BENEFICIAL OWNER WITH RESPECT TO (i) THE BONDS; (ii) THE ACCURACY OF ANY RECORDS MAINTAINED BY DTC OR ANY DTC PARTICIPANT; (iii) THE PAYMENT BY DTC OR ANY DTC PARTICIPANT OF ANY AMOUNT DUE TO ANY BENEFICIAL OWNER IN RESPECT OF THE PRINCIPAL OF AND INTEREST ON THE BONDS; (iv) THE DELIVERY OR TIMELINESS OF DELIVERY BY DTC OR ANY DTC PARTICIPANT OF ANY NOTICE DUE TO ANY BENEFICIAL OWNER THAT IS

REQUIRED OR PERMITTED UNDER THE TERMS OF THIS RESOLUTION TO BE GIVEN TO BENEFICIAL OWNERS, (v) THE SELECTION OF BENEFICIAL OWNERS TO RECEIVE PAYMENTS IN THE EVENT OF ANY PARTIAL REDEMPTION OF THE BONDS; OR (vi) ANY CONSENT GIVEN OR OTHER ACTION TAKEN BY DTC, OR ITS NOMINEE, CEDE & CO., AS OWNER.

The Registration Agent is hereby authorized to take such action as may be necessary from time to time to qualify and maintain the Bonds for deposit with DTC, including but not limited to, wire transfers of interest and principal payments with respect to the Bonds, utilization of electronic book entry data received from DTC in place of actual delivery of Bonds and provision of notices with respect to Bonds registered by DTC (or any of its designees identified to the Registration Agent) by overnight delivery, courier service, telegram, telecopy or other similar means of communication. No such arrangements with DTC may adversely affect the interest of any of the owners of the Bonds, provided, however, that the Registration Agent shall not be liable with respect to any such arrangements it may make pursuant to this section.

Both principal hereof, and interest hereon, are payable in lawful money of the United States of America by check or draft at the corporate trust office of Regions Bank, Nashville, Tennessee, as

registration agent and paying agent (the "Registration Agent"). The Registration Agent shall make all interest payments with respect to this Bond on each interest payment date directly to the registered owner hereof shown on the Bond registration records maintained by the Registration Agent as of the close of business on the fifteenth day of the month next preceding the interest payment date (the "Regular Record Date") by check or draft mailed to such owner at such owner's address shown on said bond registration records, without, except for final payment, the presentation or surrender of this Bond, and all such payments shall discharge the obligations of the Issuer to the extent of the payments so made. Any such interest not so punctually paid or duly provided for on any interest payment date shall forthwith cease to be payable to the registered owner on the relevant Regular Record Date; and, in lieu thereof, such defaulted interest shall be payable to the person in whose name this Bond is registered at the close of business on the date (the "Special Record Date") for payment of such defaulted interest to be fixed by the Registration Agent, notice of which shall be given to the owners of the Bonds of the issue of which this Bond is one not less than ten (10) days prior to such Special Record Date. Payment of principal of [and premium, if any,] on this Bond shall be made when due upon presentation and surrender of this Bond to the Registration Agent.

Except as otherwise provided herein or in the Resolution, as hereinafter defined, this Bond shall be registered in the name of Cede & Co., as nominee of The Depository Trust Company, New York, New York ("DTC"), which will act as securities depository for the Bonds of the series of which this Bond is one. One Bond for each maturity of the Bonds shall be issued to DTC and immobilized in its custody or a custodian of DTC. The Registration Agent is a custodian and agent for DTC and the Bonds will be immobilized in its custody. A book-entry

system shall be employed, evidencing ownership of the Bonds in \$5,000 denominations, or multiples thereof, with transfers of beneficial ownership effected on the records of DTC and the DTC Participants, as defined in the Resolution, pursuant to rules and procedures established by DTC. So long as Cede & Co., as nominee for DTC, is the registered owner of the Bonds, the Issuer and the Registration Agent shall treat Cede & Co., as the only owner of the Bonds for all purposes under the Resolution, including receipt of all principal, premium, if any, and interest on the Bonds, receipt of notices, voting and requesting or taking or not taking, or consenting to, certain actions hereunder. Payments of principal, maturity amounts, interest, and redemption premium, if any, with respect to the Bonds, so long as DTC is the only owner of the Bonds, shall be paid directly to DTC or its nominee, Cede & Co. DTC shall remit such payments to DTC Participants, and such payments thereafter shall be paid by DTC Participants to the Beneficial Owners, as defined in the Resolution. Neither the Issuer nor the Registration Agent shall be responsible or liable for payment by DTC or DTC Participants, for sending transaction statements or for maintaining, supervising or reviewing records maintained by DTC or DTC Participants. In the event that (1) DTC determines not to continue to act as securities depository for the Bonds or (2) the Issuer determines that the continuation of the book-entry system of evidence and transfer of ownership of the Bonds would adversely affect its interests or the interests of the Beneficial Owners of the Bonds, the Issuer may discontinue the book-entry system with DTC. If the Issuer fails to identify another qualified securities depository to replace DTC, the Issuer shall cause the Registration Agent to authenticate and deliver replacement Bonds in the form of fully registered Bonds to each Beneficial Owner. Neither the Issuer nor the Registration Agent shall have any responsibility or obligations to any DTC

Participant or any Beneficial Owner with respect to (i) the Bonds; (ii) the accuracy of any records maintained by DTC or any DTC Participant; (iii) the payment by DTC or any DTC Participant of any amount due to any Beneficial Owner in respect of the principal or maturity amounts of and interest on the Bonds; (iv) the delivery or timeliness of delivery by DTC or any DTC Participant of any notice due to any Beneficial Owner that is required or permitted under the terms of the Resolution to be given to Beneficial Owners, (v) the selection of Beneficial Owners to receive payments in the event of any partial redemption of the Bonds; or (vi) any consent given or other action taken by DTC, or its nominee, Cede & Co., as owner.

Bonds of the issue, of which this Bond is one, maturing March 1, 2022 through March 1, 2030, shall be not be subject to prior redemption at the option of the Issuer. Bonds maturing March 1, 2031 and thereafter shall be subject to redemption at the option of the Issuer on or at any time after March 1, 2030, in whole or in part, at a redemption price of par plus accrued interest to the date of redemption.

If Term Bonds are issued, the following provisions shall be included:

[The Issuer shall redeem Bonds maturing March 1, \_\_\_\_\_ on the redemption dates set forth below opposite the maturity dates, in aggregate principal amounts equal to the respective dollar amounts set forth below opposite the respective redemption dates at a price of par plus accrued interest thereon to the date of redemption. DTC, as securities depository for the series of Bonds of which this Bond is one, or such Person as shall then be serving as the securities depository for the Bonds, shall determine the interest of each Participant in the Bonds to be redeemed using its procedures generally in use at that time. If DTC, or another securities depository is no longer serving as securities depository for the Bonds, the Bonds to be redeemed

within a maturity shall be selected by the Registration Agent by lot or such other random manner as the Registration Agent in its discretion shall select. The dates of redemption and principal amount of Bonds to be redeemed on said dates are as follows:

<u>Stated Maturity</u>	<u>Redemption Date</u>	<u>Principal Amount of Bonds Redeemed</u>
----------------------------	----------------------------	---

**\*Final Maturity**

At its option, to be exercised on or before the forty-fifth (45th) day next preceding any such redemption date, the Issuer may (i) deliver to the Registration Agent for cancellation Bonds to be redeemed, in any aggregate principal amount desired, and/or (ii) receive a credit in respect of its redemption obligation under this mandatory redemption provision for any Bonds of the maturity to be redeemed which prior to said date have been purchased or redeemed (otherwise than through the operation of this mandatory sinking fund redemption provision) and canceled by the Registration Agent and not theretofore applied as a credit against any redemption obligation under this mandatory sinking fund provision. Each Bond so delivered or previously purchased or redeemed shall be credited by the Registration Agent at 100% of the principal amount thereof on the obligation of the Issuer on such payment date and any excess shall be credited on future redemption obligations in chronological order, and the principal amount of Bonds to be redeemed by operation of this mandatory sinking fund provision shall be accordingly reduced. The Issuer shall on or before the forty-fifth (45th) day next preceding each payment date furnish the Registration Agent with its certificate indicating whether or not and to what extent the provisions of clauses (i) and (ii) of this subsection are to be availed of

with respect to such payment and confirm that funds for the balance of the next succeeding prescribed payment will be paid on or before the next succeeding payment date.]

Notice of call for redemption shall be given by the Registration Agent not less than twenty (20) nor more than sixty (60) days prior to the date fixed for redemption by sending an appropriate notice to the registered owners of the Bonds to be redeemed by first-class mail, postage prepaid, at the addresses shown on the Bond registration records of the Registration Agent as of the date of the notice; but neither failure to mail such notice nor any defect in any such notice so mailed shall affect the sufficiency of the proceedings for the redemption of any of the Bonds for which proper notice was given. The notice may state that it is conditioned upon the deposit of moneys in an amount equal to the amount necessary to affect the redemption with the Registration Agent no later than the redemption date ("Conditional Redemption"). As long as DTC, or a successor Depository, is the registered owner of the Bonds, all redemption notices shall be mailed by the Registration Agent to DTC, or such successor Depository, as the registered owner of the Bonds, as and when above provided, and neither the Issuer nor the Registration Agent shall be responsible for mailing notices of redemption to DTC Participants or Beneficial Owners. Failure of DTC, or any successor Depository, to provide notice to any DTC Participant will not affect the validity of such redemption. From and after any redemption date, all Bonds called for redemption shall cease to bear interest if funds are available at the office of the Registration Agent for the payment thereof and if notice has been duly provided as set forth in the Resolution, as hereafter defined. In the case of a Conditional Redemption, the failure of the County to make funds available in part or in whole on or before the redemption date shall not constitute an event of default, and

the Registration Agent shall give immediate notice to the Depository or the affected Bondholders that the redemption did not occur and that the Bonds called for redemption and not so paid remain outstanding.

This Bond is transferable by the registered owner hereof in person or by such owner's legal representative duly authorized in writing at the designated corporate trust office of the Registration Agent set forth on the front side hereof, but only in the manner, subject to limitations and upon payment of the charges provided in the Resolution, as hereafter defined, and upon surrender and cancellation of this Bond. Upon such transfer a new Bond or Bonds of authorized denominations of the same maturity and interest rate for the same aggregate principal amount will be issued to the transferee in exchange therefor. The person in whose name this Bond is registered shall be deemed and regarded as the absolute owner thereof for all purposes and neither the Issuer nor the Registration Agent shall be affected by any notice to the contrary whether or not any payments due on the Bond shall be overdue. Bonds, upon surrender to the Registration Agent, may, at the option of the registered owner thereof, be exchanged for an equal aggregate principal amount of the Bonds of the same maturity in authorized denomination or denominations, upon the terms set forth in the Resolution. The Registration Agent shall not be required to transfer or exchange any Bond during the period commencing on a Regular Record Date or Special Record Date and ending on the corresponding interest payment date of such Bond, nor to transfer or exchange any Bond after the notice calling such Bond for redemption has been made, nor during a period following the receipt of instructions from the Issuer to call such Bond for redemption.

SECTION 12. Both the principal of, and interest on, the Bonds are payable from taxes to be levied on all taxable property in said Issuer without limitation as to rate and amount. For the prompt payment of such principal and interest, the full faith, credit and resources of Fayette

County, Tennessee are hereby irrevocably pledged, and in order to provide for the payment of the Bonds and the interest thereon, there shall be and there is hereby directed to be levied and collected, at the same time and in the same manner as other taxes of Fayette County, Tennessee are levied and collected, a direct tax upon all taxable property within the boundaries of Fayette County, Tennessee, in such amount as may be found necessary each year to provide for the payment of the principal of the Bonds and the interest thereon, as the same mature and become due.

It shall be the duty of the tax-levying and collecting authorities of Fayette County, Tennessee, in each year while any of the Bonds issued hereunder shall remain outstanding and unpaid, without any further direction or authority to levy and collect the taxes herein provided for, and the rate of taxation to be levied in each year shall be sufficient, to provide the sums required in each year for the payment of the principal of and interest on the Bonds. Should there be a failure in any year to comply with the requirements of this Section, such failure shall not impair the right of the holders of any of the Bonds in any subsequent year to have adequate taxes levied and collected to meet the obligations of the Bonds herein authorized to be issued, both as to principal and interest. Principal and interest falling due at any time when there are insufficient funds on hand shall be paid from the current funds of the Issuer and reimbursement therefor shall be made out of the taxes hereby provided to be levied when the same shall have been collected. The tax herein provided may be reduced to the extent of direct appropriations from the general funds or other funds, taxes and revenues of the Issuer to the payment of debt service on the Bonds.

SECTION 13. Remedies of Bondholders. Except as herein expressly limited, the registered owners of the Bonds shall have and possess all the rights of action and remedies afforded by the common law, the Constitution and statutes of the State of Tennessee and of the United States of America for the enforcement of payment of such Bonds and the interest thereon and of the pledge of the revenues made hereunder and of the covenants of the Issuer hereunder, including all the benefits and rights granted by Sections 9-21-101 et seq. of the Tennessee Code Annotated.

SECTION 14. The proceeds of the sale of each series of the Bonds shall be applied by the Issuer as follows:

(a) all accrued interest shall be deposited into the Bond Fund of the Issuer and used to pay interest on the Bonds on the first interest payment date following delivery of the Bonds;

(b) next the Issuer shall pay, or cause to be paid, all costs of issuance of the Bonds, including, but not limited to, necessary legal, accounting and fiscal expenses, printing, engraving, advertising and similar expenses, bond insurance premiums, bond rating fees, Registration Agent fees, administrative and clerical costs, and other necessary miscellaneous expenses incurred in connection with the authorization, issuance and sale and delivery of the Bonds;

(c) next the Issuer shall pay an amount, which, together with other legally available funds of the Issuer and earnings on said proceeds and funds, will be sufficient to pay principal, accrued interest and redemption premium, as appropriate, on the Refunded Obligations on the first date after the date of issuance that the same may be redeemed at the option of the

Issuer (the "Call Date") and at the applicable redemption prices, and such amount shall be immediately paid over to the registration and paying agent for such Refunded Obligations to be held and applied, together with any investment proceeds thereof, on the Call Date for the payment and retirement of the Refunded Obligations;

(d) next, if applicable, the Issuer shall deposit proceeds with the County Trustee and shall be kept separate and apart from all other funds of the Issuer in a special fund hereby designated as the "Fayette County, Tennessee 2021 Capital Projects Fund," (the "Capital Projects Fund") which shall be applied exclusively to pay costs (i) certain capital expenditures in connection with public works projects as described in Section 9-21-105 of the Tennessee Code Annotated, as amended, including but not limited to, the acquisition of sheriff's vehicles, ambulances, other emergency vehicles, fire trucks and fire equipment; and (ii) the payment of legal, fiscal and administrative costs incident to the foregoing and to the issuance of the Bonds; and it shall be used for no other purposes. Any Bond proceeds not put to immediate use shall be deposited at interest by the County Trustee until needed. The interest arising therefrom shall be used only towards retiring the Bonds or may be added to Bond proceeds and used for the same purposes. Money in the Capital Projects Fund shall be secured in the manner prescribed by applicable statutes relative to the securing of public or trust funds, if any, or, in the absence of such a statute, by a pledge of readily marketable securities having at all times a market value of not less than the amount in the Capital Projects Fund.

(c) any remaining proceeds (including any returned proceeds) shall be deposited in the Bond Fund and applied to the payment of the next due interest and/or principal on the Bonds, or to buy Bonds in the open market, as directed by Bond Counsel.

SECTION 15. (Reserved)

SECTION 16. The Issuer recognizes that the purchasers and holders of the Bonds will have accepted them on, and paid therefor a price that reflects, the understanding that interest thereon is exempt from federal income taxation under laws in force on the date of delivery of the Bonds. In this connection, the Issuer agrees that it shall take no action which may render the interest on any of said Bonds subject to federal income taxation and agrees to take all action as may be necessary to comply with the provisions of the Code and the regulations thereunder in order to maintain or assure the tax-exempt status of the Bonds. It is the reasonable expectation of the Governing Body of the Issuer that the proceeds of the Bonds will not be used in a manner which will cause the Bonds to be "arbitrage bonds" within the meaning of Section 148 of the Code, including any lawful regulations promulgated or proposed thereunder (or under corresponding provisions of prior law, if applicable), and to this end the said proceeds of the Bonds and other related funds established for the purposes herein set out, shall be used and spent expeditiously for the purposes described herein. The Governing Body of the Issuer further covenants and represents that in the event it shall be required by Section 148(f) of the Code to pay any investment proceeds of the Bonds to the United States government, it will make such payments as and when required by Section 148(f) and will take such other actions as shall be necessary or permitted to prevent interest on the Bonds from becoming taxable. The County Mayor and the County Clerk or any of them, are authorized and directed to make such

certifications in this regard and as is otherwise customary or appropriate in connection with the sale of the Bonds as they shall deem appropriate, and such certifications shall constitute the representations and certifications of the Issuer.

SECTION 17. The Issuer hereby authorizes the County Mayor to designate (to the extent not "deemed designated") any series of Bonds as "qualified tax-exempt obligations" for purposes of Section 265(b)(3)(B) of the Code to the extent the Issuer may legally do so and hereby authorizes the County Mayor to make the final determination and designation as to such matters on behalf of the Issuer at the time the Bonds are sold or issued.

SECTION 18. If the Issuer shall pay and discharge the indebtedness evidenced by any series of the Bonds in any one or more of the following ways:

(a) By paying or causing to be paid, by deposit of sufficient funds as and when required with the Registration Agent, the principal of and interest on such Bonds as and when the same become due and payable;

(b) By depositing or causing to be deposited with any trust company or financial institution whose deposits are insured by the Federal Deposit Insurance Corporation or similar federal agency and which has trust powers (an "Agent", which Agent may be the Registration Agent), in trust or escrow, on or before the date of maturity or redemption, sufficient money or Defeasance Obligations, as hereafter defined, the principal of and interest on which, when due and payable, will provide sufficient moneys to pay or redeem such Bonds and to pay interest thereon when due until the maturity or redemption date (provided, if such Bonds are to be redeemed prior to maturity thereof, proper notice of such redemption shall have been given or adequate provision shall have been made for the giving of such notice) and if the Issuer shall also

pay or cause to be paid all other sums payable hereunder by the Issuer with respect to such Bonds, or make adequate provision therefor, and by resolution of the Governing Body instruct any such Agent to pay amounts when and as required to the Registration Agent for further payment to the registered owners for the payment of principal of and interest and redemption premiums, if any, on such Bonds when due; or

(c) By delivering such Bonds to the Registration Agent for cancellation by it; and if the Issuer shall also pay or cause to be paid all other sums payable hereunder by the Issuer with respect to such Bonds, or make adequate provision therefor, and by resolution of the Governing Body instruct any such Escrow Agent to pay amounts when and as required to the Registration Agent for the payment of principal of and interest on such Bonds when due, then and in that case the indebtedness evidenced by such Bonds shall be discharged and satisfied and all covenants, agreements and obligations of the Issuer to the holders of such Bonds shall be fully discharged and satisfied and shall thereupon cease, terminate and become void.

**Report of the Director of the Division of Local Government Finance  
Concerning the Proposed Issuance of  
General Obligation Refunding Bonds, Series 2021A  
Fayette County**

This report is being issued pursuant to T.C.A. § 9-21-903 and is based upon information as presented in a plan of refunding (the "Plan") received by our office on February 5, 2021, from Fayette County (the "County"). Our report provides information to assist the governing body in its responsibility to understand the nature of the refunding transaction, including the costs, risks, and benefits, prior to approving the issuance of the refunding bonds and is designed to provide consistent and comparable information for all local governments in Tennessee.

This report does not constitute approval or disapproval of the Plan or a determination that a refunding is advantageous or necessary nor that any of the refunded obligations should be refinanced or remain outstanding until their respective dates of maturity. This report does not address compliance with federal tax regulations and is not to be relied upon for that purpose. The County should discuss these issues with bond counsel. This report and the County's Plan must be presented to the governing body prior to the adoption of a refunding bond resolution.

**Refunding Analysis**

At the request of the County Mayor, our office has reviewed the County's Plan, as required by TCA § 9-21-903, and provide the following analysis based upon the assumptions outlined in the Plan.

The County intends to issue by competitive sale approximately \$9,845,000 General Obligation Refunding Bonds, Series 2021A (the "Series 2021A Refunding Bonds"), priced at par to current refund:

- \$5,380,000 General Obligation Refunding Bonds, Series 2011 (the "Series 2011 Bonds"), maturing on April 1, 2022 through April 1, 2030, and callable on April 1, 2021.
- \$4,220,000 General Obligation Refunding Bonds, Series 2012A (the "Series 2012A Bonds"), maturing on April 1, 2022 through April 1, 2029, and callable on April 1, 2021.

Collectively, the Series 2011 Bonds and Series 2012A Bonds are the "Refunded Bonds". Total refunded principal is \$9,600,000.

- The County's objective for the refunding is to achieve debt service savings.
- The estimated net present value debt service savings is \$716,182 or 7.46% of the refunded principal amount of \$9,600,000. The savings are achieved by reducing the weighted average coupon rate of 2.95% for the Refunded Bonds to 0.94% for the Series 2021A Refunding Bonds.
- Total interest cost is projected to decrease from \$1,453,990 to \$449,018.

- The final maturity of the Series 2021A Refunding Bonds does not extend beyond the final maturity of the Refunded Bonds.
- The proposed structure of the Series 2021A Refunding Bonds is not balloon indebtedness as defined in T.C.A. § 9-21-133.
- Estimated costs of issuance are summarized below and are based upon the par amount of \$9,845,000 for the Series 2021A Refunding Bonds:

	Amount	Price Per \$1,000 Bond
Underwriter's Discount*	\$ 134,615.20	\$ 13.67
Municipal Advisor (Cumberland Securities)	49,975.00	5.08
Bond Counsel (Glankler Brown)	18,000.00	1.83

Miscellaneous	14,020.00	1.42
Total Costs of Issuance	\$ 234,610.20	\$ 23.83

\* To be determined by competitive sale

#### Changes to the Structure of the Repayment Schedule

If the structure is revised, the County should determine if the new structure complies with the requirements of T.C.A. § 9-21-133 concerning balloon indebtedness. If it is determined that the bond structure constitutes balloon indebtedness, the County must submit a Plan of Balloon Indebtedness to the Director of the Division of Local Government Finance for approval prior to the County adopting the resolution authorizing the issuance of the debt.

#### Financial Professionals

The Plan was prepared with the assistance of the County's financial advisors, Cumberland Securities. Financial advisors have a fiduciary responsibility to the County. Underwriters have no fiduciary responsibility to the County. They represent the interests of their firm and are not required to act in the County's best interest without regard to their own or other interests.

County's Plan may not reflect either current market conditions or market conditions at the time of sale. The Series 2021A Refunding Bonds may be issued with a structure different from that of the Plan.

**Debt Management Policy**

The County has adopted a debt management policy and has indicated in its Plan that the proposed refunding transaction complies with the County's policy.

**Requirements After the Refunding Bonds Have Been Issued**

We have included a listing of certain compliance requirements your local government will be responsible for once the bonds are issued. The listing is not all inclusive and you should work with your municipal advisor and bond counsel to ensure compliance with legal and regulatory requirements related to the proposed refunding.

**Effective Date for this Report**

If the refunding transaction has not been priced during this ninety (90) day period, a new plan of refunding, with new analysis and estimates based on market conditions at that time, must be submitted to our office. We will then issue a report on the new plan for the County's governing body to review prior to adopting a new refunding bond authorizing resolution.

## **Minutes March 8, 2021**

### **Present**

Farley            Reaves            Powers            Walker, B            Sills

#### 1) Public Works Excess Sales Tax Resolution

- Mayor Taylor informed the committee that last month's resolution capping the sales tax that Public Works receives had the previous year's amount listed, \$657,499. The new resolution corrects and adjusts the cap to the proper amount, \$577,775.
- After discussion, the committee recommended approval on a motion by Powers, seconded by Sills.

#### 2) Public Works Budget Amendment – Fund 131 – Tractor and mower purchase

- Wayne Dowdy, Public Works Superintendent, asked that a budget amendment be made to allow Public Works to purchase a new tractor and mower.
- After discussion, the committee voted to recommend approval on a motion by Sills, seconded by Powers.

#### 3) Reappraisal Plan – 4-year

- Mayor Taylor presented a 4-year reappraisal plan submitted by Mark Ward, Fayette County Property Assessor. The plan and cycle are currently what the county is operating under. At the end of each cycle, the county must adopt a plan that reappraises the county. The cycles range from 4 to 6 years, with 4 years keeping the appraisals the most accurate.
- After discussion, the committee recommended approval on a motion by Powers, seconded by Walker.

#### 4) Road Repair and State Infrastructure Grant

- Mayor Taylor informed the committee that he and Public Works had received numerous calls about roads needing repair after the last snow storm. The county is scheduled to receive about \$800,000 in Gov. Lee's budget for infrastructure projects, of which roads would fall. There is a possibility that some of the funds could be used for road repair and it would not affect the 5-year funding average requirement. This is for information only and more information will be brought later when expenses and funding amounts are firmer.

#### 5) Solar Regulations and Board Member information meetings

- Chairman Farley asked that all committee members meet with John Pitner, Fayette County Director of Planning, to get the current status of our solar regulations and ask any needed questions.

Meeting adjourned.

## **Minutes March 8, 2021**

### **Present**

Leggett                  Perkins                  German                  Reeves                  Sills                  Goodroe

#### 1) Ambulance Report

- There is were 399 calls in February with a total of 3247 year-to-date. This could result in a total increase of 386 calls over last year. Most of the increase can be attributed to COVID.
- There has been an 8.6% increase in trips this year. This past month had 28 times when no ambulances were available, and 7 times when we were out and had one call waiting.
- Labor and Overtime were up because of COVID. Maintenance and repair, especially for vehicle engines, are up, but still within budget.

#### 2) Ambulance Loading System request

- Glenn Miller, Fayette County Ambulance Director, requested that he be allowed to purchase a cot loading system for the ambulances. This is a powered system that raises and lowers a patient on a cot, and helps load the cot into the ambulances. Injuries to personnel and worker's compensation claims are areas that cost the county, and this system would help prevent those costs and injuries.
- The request is to purchase 3 systems in this year's budget and to purchase 2 in next year's budget. Current year funding has enough for 2 but not the third. (The funding comes from the savings we incurred because of the grant to purchase this year's ambulance vehicles.)
- After discussion, the committee voted to recommend purchase of the systems and to recommend the appropriate budget amendment, on a motion by Leggett, seconded by Goodroe.

#### 3) Solid Waste Budget Amendment – Fund 116

- Mayor Taylor presented a budget amendment to increase the funding for household waste disposal for the transfer station. Current trash amounts have increased and the budget line needs additional funding to take care of the increase.
- After discussion, the committee voted to recommend approval on a motion by Perkins, seconded by Sills.

#### 4) Animal Shelter Update

- Mayor Taylor reported to the committee that they are still pursuing the purchase of the property. The title insurance company now has what they requested and we are waiting on their response.
- Mayor Taylor met with the architect and they are reviewing suggestions on design.

Meeting adjourned.

- 1) Sheriff's Report
  - The Committee reviewed the January Sheriff's Report. There was an average of 81 inmates in the jail for the month.
- 2) Budget Amendment – Fire Department
  - The Fire Department received funds from an insurance recovery and sale of old equipment. The amendment puts the funds into the line items to replace that equipment.
  - After discussion, the committee voted to recommend approval on a motion by Goodroe, seconded by Norton.
- 3) Fire Equipment Purchase
  - Chief Richard Hartfield, Fayette County Fire Chief, presented a proposal to purchase four pumpers and two tankers in conjunction with our refinancing of debt. This will fulfill the plan proposed last year to modernize the county's 25-30 year old equipment. The savings from the debt refinancing will allow purchase of the equipment and still provide savings.
  - After discussion, the committee voted to recommend approval on a motion by Norton, seconded by Goodroe.
- 4) 911 Board Terms and Confirmations
  - Mayor Taylor presented to the board the members of the 911 and clarification about when their terms end. Over the years there has been some confusion about when each term ended. This resolution will set the end of each term for the current board members.

Josh Dowdy	Nov 2023

Jim Norton	Nov 2024
Danny Daniels	Nov 2024
Hunter Winfrey	Nov 2024

- After discussion, the committee voted to recommend approval on a motion by Seals, seconded by Goodroe.
- 5) LaGrange Fire Department agreement
    - Mayor Taylor informed the committee that he has received an incomplete contract from LaGrange, but did not expect any changes to what had been proposed to him. He asked that the proposal be moved forward with no recommendation and that any new information be brought to the Commission's monthly meeting.
    - After discussion, the committee voted to recommend approval on a motion by Goodroe, seconded by Seals.

# MEMORANDUM OF UNDERSTANDING

between

**FAYETTE** County and The Division of Property Assessments

**DATE:** 2/16/21

**TO:** Mark Ward, Assessor of Property

Skip Taylor, County Mayor (or Executive)

**RE:** FAYETTE County 4 Year Reappraisal Program

**FROM:** Tennessee Comptroller of the Treasury  
Division of Property Assessments

The purpose of this memorandum of understanding is to clarify the areas of responsibility for all parties involved in the reappraisal of FAYETTE County. It is intended to express the requirements needed to successfully complete reappraisal and to define the extent of involvement expected of the Comptroller's Division of Property Assessments. A reappraisal program is defined as the updating of all values in the county by analyzing current information and establishing new tables, models, schedules, rates and depreciation.

Tenn. Code Ann. § 67-5-1601 provides for assessors of property to have the option to reappraise either on a 6- year cycle with an update of values in the third year or to reappraise on a 4- or 5-year cycle with no updates. Tenn. Code Ann. § 67-5-1601 (d) requires the Division of Property Assessments to provide technical assistance to counties during the year of reappraisal. The resources available to the Division of Property Assessments enable them to provide technical assistance to counties during the reappraisal year; however, the amount of division involvement will be determined by the workload resulting from all counties that are scheduled for reappraisal during each year.

**The amount of Division of Property Assessments involvement must be determined and clearly understood prior to the county producing a plan for reappraisal. The assessor of property will prepare a plan that accomplishes reappraisal in accordance**

**with standards and procedures prescribed by the Division of Property Assessments. The reappraisal plan must include all specific items identified in this memorandum of understanding.**

## **I. County Responsibility**

The assessor of property will be responsible for ensuring that all phases of the reappraisal program are conducted in accordance with Division of Property Assessment's policies and procedures relating to **property valuation, sales verification, appeal defense and statistical standards**. The county must **resolve data quality reports, provide accurate property characteristics, provide adequate data entry, demonstrate its ability to organize and manage a program, provide adequate staffing and provide financial support**.

### **A. Property Valuation:** All types of property will be valued following standard procedures.

**1. Residential** - Residential properties will be valued by determining the proper base rate for each residential improvement type in the jurisdiction. The base rates will be developed using sale properties with recently constructed improvements whenever possible to reduce the difficulties of estimating depreciation and to increase the accuracy of the land values. The base rate analysis will consider the new depreciation that will automatically be calculated when the year of reappraisal changes. The assessor of property shall retain all base rate analyses for appeal purposes. Appropriate depreciation and/or effective age will be used to adjust groups of parcels where market evidence supports it. When additional depreciation or effective age changes are used to adjust values, market analysis must be retained to support the adjustments. Individual property characteristics will not be improperly altered to achieve acceptable analysis results. Outbuildings and Yard Items (OBYs) will be valued using standard abbreviations and updated cost tables. The cost tables will be developed from nationally recognized cost services and calibrated to the local market. The assessor of property will retain all necessary supporting documentation for review and appeal purposes. Residential land will be valued using accepted appraisal practices and available computer techniques. All residential market area (neighborhood) delineation codes will be reviewed to determine their accuracy, and the necessary action will be taken to correct any changes indicated by the market since the last reappraisal program.

**2. Rural Land** - Rural land will be valued using standard rural land valuation procedures. Rural sales will be located and verified to determine if they meet the requirements of a valid transaction. All rural sales will be reviewed by the assessor of property or a staff member

with either the buyer, seller, or agent to determine the conditions of the sale and if any adjustments are needed. A rural land sales verification form will be completed on all rural sales. These forms will be maintained in the assessor of property's office for review and use in appeals. Rural land will be valued using the rural land valuation tables. Appropriate sales analysis must be conducted to produce a rural land schedule and to determine all factors affecting value. Areas of the county that cannot be valued using the base rural land schedule will be valued using the rural land schedule adjusted to the appropriate level of value. Land grade maps will be used to determine the appropriate land grade for each parcel. The land grade maps, if not already available, will be constructed by using Natural Resources Conservation Service (NRCS) soil survey information. All maps will be updated to reflect the most current base features such as wooded areas and areas that have been cleared since the last reappraisal program. All rural market area (neighborhood) delineation codes will be reviewed to insure they conform to current market conditions.

**3. Commercial/Industrial Property** - All commercial and industrial property shall be valued using standard valuation procedures. The listing of commercial and industrial properties will be reviewed for accuracy. All commercial property will be reviewed to determine if valuation by the income approach is the most appropriate method. In these instances, it will be necessary to gather sufficient income and expense data from the market to calculate an indication of value by the income approach. Completed income and expense forms will be retained for review and appeal purposes. All income data must be analyzed by making comparisons with like properties such as comparing offices to offices, warehouses to warehouses, and restaurants to restaurants. All commercial sales will be verified to determine if any special circumstances such as personal property or unusual financing are included. Commercial and industrial base rates will be developed for each type of commercial and industrial improvement in the jurisdiction. This is typically accomplished using a combination of local information and a professional cost service. All industrial properties shall be revalued using the most appropriate method, typically the cost approach. All commercial and industrial land will be revalued using the most appropriate unit of comparison, and all pertinent information such as zoning will be indicated on the land valuation maps. All analyses and sales information used to determine the commercial and industrial land values will be retained by the assessor of property for review and appeal purposes. All commercial and industrial market area (neighborhood) delineation codes will be verified to determine if they need to be revised due to changes in the market.

**4. Small Tracts** - Land that does not qualify as a farm and is not part of an organized development is considered a small tract. It is typically valued as an individual unit and priced per unit or per acre. A total countywide small tract analysis must be accomplished in order to determine reasonable values. After the analysis has been accomplished and a pricing guide developed, the existing small tracts are to be reviewed to determine consistency. After making any needed adjustments to improve consistency, the small tracts will be revalued using accepted appraisal practices and any appropriate computer-assisted techniques. The assessor of property will maintain all analyses and sales information used in the valuation of small tracts for review and appeal purposes. All market area (neighborhood) delineation codes that influence the valuation of small tracts will be reviewed to determine accuracy, and any adjustments needed will be made.

**5. Unique Properties** - Usually, unique properties will exist in a county that will require special treatment. These can be lake properties, mobile homes, large industrial complexes, mineral interest, leasehold interest, etc. The reappraisal plan will address these properties and explain how they will be valued.

**B. Sales Verification:** A major element in the success of a reappraisal program is the completeness and accuracy of the sales file. The Division of Property Assessments maintains a publication entitled *Property Assessor's Procedures for Sales Data Collection and Verification* to guide assessors through this process. These procedures will be followed to ensure the necessary accuracy in sales analysis. Any attempt to influence the results of the analysis by inaccurate sales verification must be avoided. The quality of the final statistical analysis depends on the integrity of the sales file, and every effort should be made to ensure its accuracy. The assessor of property will maintain records on the verification of sales for review and appeal purposes.

**C. Appeal Defense:** Any reappraisal program must have the necessary data and information to defend the appraisals. The assessor of property and staff must have the ability to present the value-supporting data in a manner that provides the property owners and appeal boards with the information necessary to understand how and why the value conclusions were determined. The assessor of property and staff will resist making unnecessary changes just to satisfy the property owner when the appraisal is otherwise correct. All elements of the valuation process must consider the appeal process. An effort must be made to maintain sufficient data to defend the values, and this data includes the following: base rate analysis; sales analysis;

cost information; land valuation information; adjustments to sales; income and expense information; and any other information that will be useful in the appeal process.

**D. Statistical Standards for Reappraisal:** The Division of Property Assessments utilizes statistical standards developed by the International Association of Assessing Officers (IAAO) for evaluating the results of reappraisal programs. The reappraisal program should be completed with these standards as the goal. Failure to meet these standards indicate the reappraisal program may be flawed and unacceptable. The standards apply to property by its statutory classification such as residential, commercial/industrial, and farm. Within each classification, properties may be further stratified based on a detailed analysis of the information available. The data used to produce the analysis must be accurate and uninfluenced by personal bias. The discovery of inaccurate data that has an influence on the results of the statistical analysis will be considered in the overall evaluation of the program. If the results of the statistical analysis fail to meet acceptable standards, said results will be reported to the State Board of Equalization for appropriate action.

**E. Data Quality Reports:** Data quality reports include edits that enable the assessor to identify data problems. Since the success of a reappraisal program is determined by the accuracy of the data, each county must identify and resolve errors found on data quality reports. Typically, this information is produced from the assessor of property's computer file and analyzed locally. Counties utilizing the state computer-assisted mass appraisal (CAMA) system may contact Division of Property Assessments staff for assistance as needed to generate data quality reports. Counties operating independent CAMA systems are expected to accomplish this without Division assistance.

**F. Data Entry:** A reappraisal increases the amount of data entry because of changes and adjustments to the file, especially where extensive field reviews are required. Any plan for reappraisal must consider this additional data entry workload.

**G. Organization and Management:** The completion of a successful reappraisal program is dependent upon the ability of the assessor of property to organize work activities and to manage employees throughout the reappraisal cycle. Any reappraisal plan must consider topics including but not limited to: staffing (both in quantity and in assignment of duties), training, quality control, and office space.

**H. Approval for 4-Year and 5-Year Cycles:** The assessor of property in any county that plans a 4- or 5-year reappraisal program must have approval by resolution from the county legislative body. The plan for reappraisal prepared by the assessor of property must be submitted for review to the county executive and the county legislative body. The county legislative body must provide the funding to accomplish the reappraisal program as outlined in the plan for reappraisal.

## **II. Division of Property Assessments' Responsibility:**

Tenn. Code Ann. § 67-5-1601 provides that all work (accomplished by the assessor of property) is subject to the supervision and approval of the director of the Division of Property Assessments. The Division of Property Assessments is required to supervise and direct all reappraisal and revaluation programs. The Division of Property Assessments' statutory responsibilities include providing technical assistance and ensuring the accuracy of the reappraisal program. All counties conducting reappraisal programs accept the condition of limited involvement from the Division of Property Assessments and agree to maintain records and provide sufficient data and reports to enable the Division of Property Assessments to evaluate the quality of the reappraisal program.

**A. Technical Assistance:** Technical assistance is provided to a county by staff members of the Division of Property Assessments. The amount of technical assistance to be provided by the Division of Property Assessments will be determined after considering available resources and existing workload of county reappraisal programs scheduled during each year.

### **Examples of technical assistance to the assessor's office may include:**

- Residential Base Rate Development
- Residential Analysis
- OBY Cost Tables Development
- Rural Land Schedule Development
- Homesite Analysis
- Commercial & Industrial Base Rate Development
- Income & Expense Analysis
- Commercial Market Analysis
- Industrial Property Appraisal
- Small Tract Sales Analysis
- Small Tract Pricing Guide Development
- Sales Adjustments Determination
- Sales Verification Instruction
- Unique Properties Appeal Preparation
- Data Preparation for Appeals Defense
- Overall Statistical Results Review
- Data Quality Reports Production
- Assessable Mineral Interest Valuation
- Assessable Leasehold Interest Valuation
- On-The-Job Training for Assessor's Staff
- Market Area (Neighborhood) Delineation Codes Review

**B. Modification of Responsibility**

Due to level of expertise, number of staff members, and resources available to the assessor of property, there may be a need to modify areas of responsibility in the memorandum of understanding. The purpose of the modification of responsibility is to provide latitude between the assessor and the division regarding the identified areas of responsibility. The following are specific modifications to this agreement that will be mutually beneficial for both parties and allow for better utilization of resources during the revaluation program:

---

---

---

---

---

**III. Accuracy of Program**

The assessor of property will prepare a final value report at the end of the revaluation year that will give an overview of the reappraisal program and support the value indications. The accuracy of the reappraisal program shall be determined by a review of the supporting documentation for the following: base rate development; land valuation; application of market adjustments; market area (neighborhood) delineation codes analysis; rural land sales analysis; small tract analysis; identification and valuation of unique properties; completeness of the sales file; quality of records developed for appeal defense; results of the statistical analysis; resolution of the data quality reports; and correctness of property characteristic data.

**IV. Computer Appraisal System**

In the event the assessor of property chooses to change the current CAMA system, information regarding the new system and a detailed plan of implementation must be included with the reappraisal plan for approval by the State Board of Equalization.

**V. Failure to Comply**

It is the expressed intent of this memorandum of understanding to provide the county and the Division of Property Assessments with a clear understanding of the responsibility of each party

regarding the completion of the next reappraisal program. It is the intent of the Division of Property Assessments to take whatever action necessary to ensure the accurate and timely completion of the reappraisal program. Failure on the part of the county on any of the items agreed to herein shall result in the reporting of said failure to the State Board of Equalization for appropriate action.

**It is with full understanding that we accept the conditions identified in this memorandum of understanding and accept responsibility to accomplish all items identified herein. We recognize that failure on the part of the county legislative body or the assessor of property to complete the agreed to requirements will result in the action identified herein.**

## NARRATIVE INFORMATION --- VISUAL INSPECTION

- A. **Field Inspectors:** The assessor's office will utilize trained, competent field personnel to measure and list all types of improvements in the field. Assistance may be requested from the Division of Property Assessments (DPA) upon encountering any special or unique improvements where additional expertise is needed.
- B. **Training Recommended:** The assessor's office will participate in DPA, CTAS, and/or TnAAO seminars, workshops, and courses relating to current procedures and valuation of properties.
- C. **Quarterly Progress Reports:** The assessor's office will provide a quarterly progress report to the DPA that accurately documents progress achieved during the reporting period. This report will show the number of parcels reviewed, current data entry status, and a listing of the maps that have been reviewed.
- D. **Accuracy of All Attributes:** Both land and improvements will be reviewed on every parcel during the review phase for accuracy and completeness. This includes the physical attributes of the land, such as topography, and tree lines that may have changed since the last inspection cycle.
- E. **Changes to Parcels:** Any new structures, additions, and remodeling will be keyed in the current file to maintain fairness and equity among all property owners. Changes held until reappraisal or future years, if any, will be nominal in nature. Review will be considered complete when changes have been entered into the CAMA system.
- D. **Geographic Areas Assigned:** Annual visual inspection of parcels are defined for each year in this report. The inspection of all rural, urban, commercial and exempt properties will be completed by the end of the cycle explained within this report.
- F. **Map Maintenance Schedule and Explanations:** Map maintenance will be worked on a daily basis, with the CAMA file being current at all times. Sales verification procedures will comply with procedures outlined in current publications of the DPA.

G. **Use of Aerial Photography for Review:** Maps may be reviewed using a combination of on-site inspection and aerial photography and/or oblique imagery for all attributes of the parcels, provided that the outcome will result in accurate assessments. On-site field review will be utilized when accurate information cannot be ascertained from the aerial and/or oblique imagery.

H. **Quality Assurance Efforts Planned:** Quality of work for visual review and data entry will be maintained by the assessor. All field review work and data entry will be subjected to quality control measures by a staff member in the office who did not complete the initial work. Additionally, assessment summaries and other tools within the CAMA system will be reviewed on a regular basis to identify any irregularities in value which may indicate significant errors.

## NARRATIVE INFORMATION – REVALUATION YEAR

A. **Personnel Needs:** The assessor's office will ensure that staff adequate in quantity and training will be available to perform the functions necessary to complete a timely and acceptable revaluation program. Where additional expertise is needed, the assessor's office may request assistance from the DPA while understanding that existing DPA workload may limit the amount of resources available during the revaluation year. It is further understood that DPA assistance will generally be prioritized first for 6- and 5-year reappraisal cycle counties and lastly for 4-year reappraisal cycle counties.

B. **Office Space and Equipment Needs:** Adequate office supplies and necessary equipment for the assessor's office will be planned and budgeted for so that a timely and acceptable revaluation program can be completed.

C. **Use of Aerial Photographs / Oblique Imagery:** Aerial photography and/or oblique imagery will be utilized to review and update location, access, land grades, improvements, tree lines, acreage, etc. Additional tools that integrate CAMA data into geographic information systems (GIS) will also be used to evaluate and update the consistency of improvement types, land tables, NBHD codes, etc.

D. **Assistance of Division of Property Assessments:** Technical support in developing base rates (base house, commercial improvement types, etc.), OBY rates, small tract valuation tables, market and use farm schedules, and commercial and industrial property valuation may be requested from the DPA while understanding the constraints as mentioned in section A above.

E. **Development of Sales File:** Sales data will be entered into the CAMA system in a timely manner to ensure the most relevant, accurate information is available for revaluation purposes. It is understood and acknowledged that ninety (90) days from the date of recording should be considered the maximum amount of time for sales data entry. The assessor's office will make reasonable efforts to minimize the number of days that elapse between the recording of deeds and sales data entry during the revaluation year.

F. **Neighborhood Codes:** Neighborhood codes will be checked for consistency and delineated in a manner that is reasonable for mass appraisal purposes.

**G. Improvement Valuation:**

1. **Base Rate Development:** Residential improvement values (base house) will be based on the most current market derived data available. Commercial rates will be derived from Marshall & Swift Valuation Service and adjusted for the local market.
2. **Out Building and Yard Items:** OBY costs and depreciation tables will be derived from Marshall & Swift Valuation Service. If the local market dictates a deviation from the published cost data, sufficient evidence will be collected and maintained to support such a deviation.
3. **Collection & Use of Income & Expense Information:** Questionnaires will be sent to selected income producing properties during the revaluation year for use in property valuation and appeals.
4. **Quality Assurance Efforts:** The quality of work completed by field personnel and data entry staff will be reviewed and monitored on a regular basis by the assessor or senior staff. In addition, assessment summaries will be monitored for any irregularities.

**H. Land Valuation:**

1. **Rural Land & Use Value:** Market value schedules with any necessary size and location adjustments will be developed by the assessor with DPA assistance as needed. Use value schedules will be developed by the DPA pursuant to current state law.
2. **Unit of Measure Tables:** UM tables will be used to value residential land from 0 to 14.99 acres (small tracts). DPA assistance may be requested.
3. **Commercial & Industrial:** Commercial/industrial land, whether urban or rural, will be reviewed and revalued according to current market data. DPA assistance may be requested.
4. **Quality Control:** The assessor will conduct quality control at all times with a review of randomly selected parcels. Statistical analysis will be utilized to identify outliers and to ensure standard statistical measures are achieved.

- I. **Mineral and/or Leaseholds:** Applicable questionnaires will be mailed to identified properties in the revaluation year by the assessor's office. DPA assistance in the valuation of leaseholds or mineral interests may be requested.

Mayor Rhea Taylor,

The contract to join the County Fire Department is re-dated and all the pages will be included. A change in the wording will be underlined that addressed the use of water by the county. This states that the County Fire Department will report usage pulled from the La Grange Water Department so we will know and report our usage to the state and for our usage reports.

Our only concern is a firm understanding on insurance, we do understand our equipment and fire fighters will be covered. The question pertains to the building itself and whether our Town needs to continue to maintain insurance on the building.

Attorney Tom Minor told us to get a copy of the county's insurance, which is about two hundred pages and difficult to clearly determine by my reading ability. I feel like this is a good consolidation and hope it benefits both the Town and County. We are ready to go forward April 1, 2021.

Thanks for your concern, leadership and friendship.

Mayor Earl Smith

Mayor Rhea Taylor  
And Board of Commissioners  
13095 N. Main St.  
Somerville, TN 38068

Dear Mayor and Commissioners:

It has been my pleasure to serve this county as County Clerk for the past nearly fifteen years. That is why this decision has been so difficult for me. However, this letter is to inform you that I plan to resign from my position due to health reasons effective June 1, 2021.

It has been an honor to serve with each of you and to work for the good of the citizens of our county, and it has been so rewarding to see our county grow. I believe many good things are in store for Fayette County and I look forward to your leadership in the future.

I would like to ask that you appoint my Administrative Assistant, Shana Burch, to finish my unexpired term. She has almost fifteen years experience in the office and I feel that she is more than qualified to do the job.

Thank you for all your considerations over the years. I appreciate each of you.

Sincerely,

Sue Culver,  
Fayette County Clerk

## **RESOLUTION IN SUPPORT OF “MARSY’S LAW”**

(1) The right to be treated with fairness for the victim’s safety, dignity, and privacy; (2) The right, upon request, to reasonable and timely notice of, and to be present at, all criminal public proceedings and all juvenile delinquency proceedings involving the accused; (3) The right to be heard in an proceeding involving release, plea, sentencing, disposition, and parole, as well as any public proceeding during which a right of the victim is implicated; (4) The right to be free from harassment, intimidation, and abuse throughout the criminal justice system, including reasonable protection from the accused or any person acting on behalf of the accused; (5) The right, upon request, to reasonable notice of any release, transfer, or escape of an accused or convicted person; (6) The right to full and timely restitution from the offender; (7) The right to a speedy trial or disposition and a prompt and final conclusion of the case after the conviction or sentence; (8) The right, upon request, to confer with the prosecution; and (9) The right to be fully informed of all rights afforded to crime victims.

**WHEREAS**, a victim may assert the rights enumerated above. The General Assembly has the authority to enact substantive and procedural laws to further define, implement, preserve, and protect the rights guaranteed to victims by this section.

**WHEREAS**, other than as provided in the preceding paragraph, this constitutional amendment will not create any cause of action or claim for damages against the state, any political subdivision of the state; any officer, employee, or agent of the state or of any of its political subdivisions; or any officer or employee of the court.

**WHEREAS**, as used in this section of the law, a “victim” includes any person who is directly and proximately harmed by the commission of first-degree murder, a felony, or a Class A or Class B misdemeanor, or who is directly and proximately harmed by the commission of any act that would constitute first-degree murder, a felony, or a Class A or Class B misdemeanor if committed by an adult.
